- Handouts, if appropriate, should be directly related to the topic of the poster and must not contain advertising.
- Your poster should be self-explanatory so that you are free to supplement and discuss particular points raised by inquiry. It may include diagrams and charts, reaction schemes, table recordings, graphs, photographs, or written text, such as abstract summary, introduction, methods, results and conclusions.
- On the top left corner of your poster if is optional but beneficial for you to add a photo of yourself so you can be easily identified with your poster content.

Poster Layout

- Posters should be readable from 6 feet (2 meters). Capital letters should be at least 3/8 inch (1 cm) high after enlargement to full poster size. Photographs should be a minimum of 5x7 inches.
- Avoid overcrowding figures into tables. Legends and titles should accompany all figures, tables, photographs, etc. in order to allow their immediate identification.
- If you are not familiar with this form of presentation, we recommend that you plan the layout of the poster with an art/design consultant and consider having the artwork professionally drawn.
- No commercial activities nor any advertising may be displayed on the posters. Not complying with this rule will result in the poster being removed.
