

Acknowledgment of Reviewers

The success of PHYTOPATHOLOGY depends on the quality of manuscripts submitted by authors and on the care and competence with which they are reviewed. It is the policy of the Editorial Board to solicit reviews of manuscripts from specialists most qualified to review them. In addition to members of the Editorial Board, the individuals listed below provided constructive critical reviews of one or more manuscripts during the past year. Their names are published here in grateful appreciation for their contribution to the journal and to the science of phytopathology. In addition, R. D. Milholland kindly consented to serve in assigning manuscripts during a brief period in the editor's absence. His assistance in keeping the review process on schedule is gratefully acknowledged.

- Abawi, G. S., Dept. Plant Pathology, N.Y. State Agric. Exp. Stn., Geneva, NY
- Agrios, G. N., Dept. Plant Pathology, University of Massachusetts, Amherst
- Alexander, H., Dept. Plant Pathology, University of Minnesota, St. Paul
- Alexander, S., Dept. Plant Pathology, VPI and State University, Blacksburg, VA
- Allen, M. F., Ecology Center, Utah State University, Logan
- Altman, J., Dept. Botany and Plant Pathology, Colorado State University, Fort Collins
- Anagnostakis, S., CT Agric. Exp. Stn., New Haven
- Andrews, J. H., Dept. Plant Pathology, University of Wisconsin, Madison
- Asher, M. J. C., Scottish Plant Breeding Stn., Midlothian, United Kingdom
- Ayers, J. E., Dept. Plant Pathology, Penn State University, University Park
